

January 2, 2009

No matter what you got for Christmas, we think it's a safe bet that no one found a personal assistant under their tree. That's right - we said a *personal assistant*. Well, Cheeky is the gift giver that keeps on giving!

[Chicago Anytime Assistants](#) is a personal assistant service for the busy Chicago gal. With your endless commitments to work, family, friends and clients, they understand how difficult it is to accomplish your daily tasks. Their goal is to provide quality service to your pesky everyday tasks and errands that chip away at your oh-so valuable free time.

Think of it as having your own dedicated personal assistant, but even better - you can call only when you need them. Even sweeter: no long-term commitment is required and you are not bound by a set schedule. Whether it's dropping off your weekly dry cleaning, taking your car in

for service, buying a last-minute gift or overseeing service repairs in your home, they are available to meet your individual needs.

Call 312.320.6789 or visit www.chicagoanytimeassistants.com, use code word "Cheeky" and get your first hour free!

Cheekily,
